

Curtain descends on bridge controversy

by Michael Shirley

Haliburton County Council chambers were filled to capacity on Wednesday, March 20 as Council passed a bylaw to authorize the construction of the Ingoldsby Bridge.

Over 50 residents of Ingoldsby and Canning Lake attended the meeting and were represented by several delegates who addressed both the pros and the cons of the demolition of the existing single lane steel bridge and the construction of a two lane concrete structure.

Joe Curtin, the owner of the property adjacent to the narrows spanned by the bridge, told council that he was very concerned that the project would cause a personal and commercial loss as well as the loss of a public asset.

Curtin noted that many residents of the area do not have private access to water and that the project will obliterate 65 feet of the fine sand beach that has served the community for many years. "It is the only safe readily accessible beach in the area," he said.

Curtin told council that he intends to open an inn and

restaurant on his property and that the destruction of the beach will adversely affect the financing and development of the establishment.

He added that the narrowed bridge span will increase the flow of the current through the narrows resulting in further erosion of the east bank of the channel and the restriction of boat traffic under the bridge.

Curtin added that the rip rap (1" - 6" diameter rock) which will be placed along the bridge abutment could possibly roll into the narrows causing a navigational hazard.

He criticised the lack of studies to determine if the driving of piles for the bridge foundation will create "a loss of well levels and quality" of wells in the area that is compromised of clay type soil. Because the bridge will be widened, Curtin said the roadway will also have to be widened and this will have an affect on neighbouring properties. Referring to the "domino effect" of the construction, Curtin said that the Ontario Hydro will also require extra space adjacent to the road.

He questioned the wisdom of placing a 7200 volt under-

water cable across the channel.

Curtin noted that the quality of water and trees in the area will be affected because road crews have a tendency to heavily salt bridges to keep them clear.

Chairman responds

Following Curtin's presentation, Murray Fearrey, Chairman of the Roads Committee, pointed out that the beach area is located on the marine road allowance adjacent to Mr. Curtin's property. He asked Curtin, "Would you like to have use and control of the beach?" Curtin answered that he would, prompting Fearrey to comment, "in reality it is not a public beach."

Referring to the concerns over the underwater hydro cable, Fearrey informed Curtin that the hydro and telephone cables will run through ducts inside the bridge. He also said that County road crews use "a 4% salt mix with sand" a quantity that he felt would not have a serious affect

The Frank Franzen foursome accomplished a feat recently which most curlers just dream about and few even see accomplished. The rink scored an "eight ender" in which all eight rocks remain in the house and are counting. The team was curling against the Neil Burk rink in the Thursday Night Mixed when the eight ender was scored. Interestingly, the final rock thrown by Frank required a tricky double take-out to secure the perfect score. This is just the second year of curling for the team's leader. Members of the club recall a similar 8 ender some 15 years ago in the old curling club building. Members of the foursome include, from the left, lead Chris Coneybear, second Gerald Churko, vice Sharon Kernohan and skip Frank Franzen.

County budget up marginally

Haliburton County Council has approved the 1985 budget of \$1,146,475. This represents an increase of \$3,235 over the budget set in 1984. The municipalities of Haliburton County will share \$921,832 of the expenditures, an increase of \$42,785 over the 1984 municipal levy.

In 1984 the budget was set at \$1,143,240. The revenue from provincial grants, land division application fees, supplementary taxes, municipal levies and other revenue totalled \$1,155,027.

The County spent \$1,165,384, leaving a 1984 deficit of \$10,357 which will be recovered in the 1985 budget.

The Ministry of Transportation and Communications will provide an additional \$2,298,000 to the County to subsidize road construction projects that will be carried out in five townships.

The chairman of the

County Management Committee, Harry Davis, intro-

duced the budget at the March 20 meeting of Council. The chairman told council members that the transfer payments from the province for 1985 are not sufficient to meet the needs of the county. He said that the Management Committee had to balance fiscal responsibility with a fair and just social conscience in setting the budget. He added that the municipal levy represents a 4.86% increase over 1984.

Areas that will receive less funds in 1985 include general government (down by \$25,261 from 1984) and Social and Family Services (down by \$32,371).

A comparison of actual 1984 expenditures with the 1985 figures shows an increase in transportation services (up by \$27,265), health services (up by \$2,115) and planning and development (up by \$8,317).

Included in the planning and development expenditures is a \$54,000 grant and a \$15,000 contribution to the Haliburton Highlands Chamber of Commerce. The allocation of the funds to the Chamber was criticised by Lutterworth Reeve Ron Gambell.

When the budget was passed, Gambell voted against the resolution because of the grant to the Chamber. He was the only member of Council to register a negative vote.

Association, Gambell suggested, "Maybe we should just turn it over to them. We are not locked into the Chamber."

Bicroft Reeve Bill Howe reminded Council that in the past he has been opposed to funding the Chamber but that he had changed his position following a presentation by the Chamber

(more on page 6)

Gambell protests \$54,000 Chamber grant

The allocation of \$54,000 to the Haliburton Highlands Chamber of Commerce by the County came under heavy criticism during the budget debate at the County Council meeting on Wednesday.

Lutterworth Reeve Ron Gambell challenged the decision by the management committee to award a grant of \$54,000 to the Chamber in 1985.

He repeated criticisms that he made at previous council meetings that the management of the Chamber was incompetent and that the board of directors is dominated by four or five individuals who are on what he described as an "ego trip".

Noting that transfer payments have been reduced this year, Gambell said that the funds that are being

granted to the Chamber could be put to better use, adding, "If you give this money to the Chamber of Commerce you will be doing a disservice to taxpayers."

The chairman of the County Management Committee, Harry Davis, asked Gambell what the effect would be on the County during the first year after funds were withdrawn from the Chamber.

Gambell responded that

the local economy would not suffer. He added that while there should be a local Chamber of Commerce the present Chamber should be disbanded, then rebuilt.

Elgin Stouffer, the County representative on the Chamber Board, challenged Gambell to suggest alternatives to the present organization.

Referring to the recently created Scenic Highway 35

Final approval given for new bridge

(from page one)

on the surrounding area.

Curtin responded that salting operations have caused a deterioration of the existing structure. Fearrey agreed, but added that this was a long term effect.

Another resident of Ingoldsby, Helen Newton, expressed her concern over the loss of the beach which she described as being, "the only area that is safe for little children." Noting that the only beach area that will remain will be on private property, Newton asked, "Where will the children go then?"

Newton also expressed concerns that the new bridge will cause an increase in traffic speed through the built-up area, a situation she found particularly dangerous during summer months when many children are playing in the vicinity.

Newton questioned the County's plans regarding the affect on neighbouring properties. "Last year it said in the paper that the new plan wouldn't affect the beach. Now we see that it will. What guarantee do we have that more land won't be expropriated?" she asked.

Newton noted that she and other neighbours are concerned that the construction project will damage many of the mature trees in the area. She concluded her address by stating, "We feel that County Council has seen our concerns as being trivial," adding that people outside the area may not think the issue is important, but for residents of Ingoldsby the construction of the bridge, "will threaten the environment and affect our lives."

Responding to Newton's statements Fearrey said that the Roads Committee had decided long ago that "there will not be other property requirements". Pointing out that boat traffic is very close to the swimming area, Fearrey asked, "Is this the most desirable place to have a public beach, fifteen feet from the boat traffic?"

Speed limit

Referring to the fears that the new structure will cause road traffic speed to increase, Fearrey said that it would be his recommendation that a 50 km speed limit be put into force throughout the village. Fearrey also noted that the new bridge will include a pedestrian walkway for the safety of children, something which does not exist now, and added

that the County will be considering some of the other concerns.

Morgan Loucks, a lifelong resident of Canning Lake, told Council that he was speaking on behalf of the supporters of the new bridge. He said that engineering studies dating back to 1976 had recommended replacing the existing structure.

He said that the Canning Lake Association has recommended building a new bridge, noting that many boaters on the lake could see as they passed under the structure, that the bridge was deteriorating. "If the bridge is safe, why the load limit?" he asked, adding, "I for one will not travel under the bridge when there is traffic on it." He added that the existing structure has no provision for pedestrian safety.

"Some people claim it is a heritage item. I feel it is an eyesore," he said.

Loucks said that in his opinion, if a poll was conducted in the Ingoldsby area, residents would vote 5 - 1 in favour of the new bridge. Referring to the reduced span of the bridge from 78 feet to 61 feet, Loucks noted that the navigable channel is only 30 - 40 feet at present, adding, "We don't need 61 feet of navigable channel," arguing that it would encourage boaters to speed through the narrows.

Following the address by Mr. Loucks, Murray Fearrey agreed with the comments regarding the reduction of the bridge span, pointing out that an engineer's report had stated that the reduced span would not cause problems to boaters and adding, "We don't want a wide open speedway there."

Referring to Curtin's concerns about the rip rap falling into the channel, Fearrey said that the criticism was valid and that the county would be considering solutions to the problem.

He disagreed with the suggestion that the bridge is an historical structure arguing that if it was a covered wooden bridge, he could agree. Finally, he said that it did not make economic sense to spend \$150,000 to renovate a bridge that will only last for ten years rather than spending \$400,000 to build a better structure that will last 50 years.

Anson, Hindon and Minden Acting Deputy Reeve, Gary Kenney, speaking from the visitor's gallery, commented that the municipal council was totally

committed to the construction of the bridge but noted that there were valid concerns regarding the beach in the narrows.

Without specifying a location, Kenney said that there were other sites in the area that could be made into a public beach.

Noting that both the municipality and county have jurisdiction over one site he suggested that representatives of both councils could meet in the near future to consider creating a public swimming area. Murray Fearrey welcomed the suggestion and commented, "I see this as a positive and proper approach. I am sure the county will co-operate in every way."

The arguments heard at Wednesday's County Council meeting were probably the last in a lengthy series leading up to the structure's replacement. After all sides were heard, the council voted to proceed with the project. Tenders, which already had been called were opened at a road committee meeting, and the contract awarded.

Work is scheduled to begin April 1.

The beer strike in Ontario came to an end Monday. The reopening of the local Brewer's Retail outlet at 10 a.m. brought an unusual crush of buyers, eager to stock up after nearly a month-long drought. While retail customers were being served at the front counter, members of the Rockcliffe Tavern staff loaded a truck with suds destined for the establishment's coolers.

Ingoldsby bridge contract awarded

The Haliburton County Roads Committee has tentatively awarded the contract for the construction of the Ingoldsby Bridge.

Pending clarification of several details of the project, the contract is being awarded to the lowest bidder, R. T. Grills Construction. The Omeme based company submitted a bid of \$399,877.

The tentative approval of the contract was announced at the regular meeting of the County Council on March 20. Demolition of the existing structure is slated to begin on Monday, April 1.

Under the terms of the contract the new bridge must be open to traffic by July 1, 1985.

During the three month construction project the road will be closed to traffic but it is expected that there will be little effect on boat traffic through the narrows.

The following is a list of tenders received by the County including the successful bidder:

Arnott Construction Ltd., \$445,761.00; B. D. S. Limited, \$533,070.00; Crandell G. E. Construction Ltd., \$552,025.00; Dilsa Construction & Engineering Ltd., \$567,225.78; Gaffney John Construction Co. Ltd., \$466,991.25; Grills R. T. Spa approved

Anson, Hindon and Minden Council has approved in principal a proposal for the construction of a health spa and recreation facility on Kashagawigamog Lake near Airport road.

Details of the proposed health spa were submitted to the Planning Advisory Committee by Wren Blair, one of the owners of the PineStone Inn Golf and Country Club.

The committee's approval of the project was contained in the minutes of the Planning Advisory Committee of February 21. The minutes were adopted by Council at the regular meeting on March 14 with the stipulation that site plan controls be adopted for the development.

The initial proposal by the architect includes the addition of a wing to the existing residence, the construction of a swimming pool and the construction of ten cottage units in the woods between the Blair residence and Airport road.

The exclusive facility will be designed to serve up to forty guests. The fifteen acre site is currently zoned residential and rural and will require a rezoning to commercial.

The provision that site plan controls must be adopted means that the Planning Advisory Committee and the municipal planner will make an on-site inspection of the property to determine the impact of the facility on the surrounding area.

The race is underway

Not unexpectedly, the voters of the province will be going to the polls in a little more than a month's time. The announcement by Premier Frank Miller on Monday ended weeks of speculation and confirmed what some pundits had predicted....that the provincial PCs would rush the vote to get in ahead of what will likely prove to be a 'tough' budget from their counterparts in Ottawa.

The election should bring a number of interesting issues to the fore, particularly in the provincial campaign. The decision of the former premier to extend government funding to grade 13 for high schools under separate school board jurisdiction should be a matter of serious debate. While there is likely to be little or no direct impact on Haliburton County as a result of the policy change, the long range implications of this new direction will certainly be felt here. The manner in which the policy was made and the lack of clear guidelines for those charged with implementing the change deserve close scrutiny by the voters.

The May 2 vote will also see all three parties with a new leader. While the outcome of the election is all but certain, it will be interesting to see how the party leaders handle the pressures of the campaign trail as they lead their troops into the fray.

Locally, the race will probably be the usual low key affair, although the Conservative organization appears more eager than they have in recent memory to take on the incumbent, John Eakins. Only time will tell if the Tories can maintain that momentum and pose a serious threat to the Liberal's hold on the riding.

letters

Editor:

I am writing in regard to Wren Blair's proposed health spa on Lake Kashagawigamog. An exclusive resort of this nature with its six chalets and pool located adjacent to his present home (with an addition of undisclosed size added to it) would undoubtedly have economic advantages for Minden township in particular and Haliburton County as a whole. There are, however, some long-term disadvantages to this proposal which in my opinion far outweigh the monetary considerations.

First of all, I am concerned about the water quality in Lake Kashagawigamog. Ten years ago when we brought our property, the rocks along the shoreline were clean and rough to the touch. Over the past three or four years, I have noticed a brownish slime developing on them which has made them slippery. This may not sound very scientific, but it is a sign to me that the lake is slowly reaching a danger point in water purity. An additional 15 acres of commercially-developed lakefront (presently zoned residential) could in time prove to be the proverbial last straw for the quality of water enjoyed now by Lake Kashagawigamog's year-round residents, cottagers, and resort guests alike.

Secondly, there are already more commercial enterprises on Lake Kashagawigamog than on any other lake I know of in Haliburton County. Within a 4 mile radius of our home there are presently 14 resorts and lodges, 3 tent and trailer campgrounds, 2 marinas, a private girls' camp and an airport. I would stress here that I am not opposed to any one of these existing ventures in the least. I simply feel that the delicate balance between year-round residences, seasonal homes and cottages, and commercial properties could very easily be irreparably upset if yet another major resort were to be established.

My third objection to the proposed health spa is that Mr. Blair's request for 15 acres of land to be re-zoned from residential to resort-commercial, would open the door to much more than a health spa in the future. The most effective power municipal councils have over the use of land is the zoning itself. Once these 15 acres of prime residential land have been zoned resort-commercial, the real possibility exists that Mr. Blair (or anyone else if he were to ever sell the health spa) could gradually introduce more and more facilities and activities. The health spa could potentially develop over the course of time into a

recreational complex larger and more environmentally damaging than even the health spa's present supporters would like to see.

Closely connected to the zoning problem is my fourth objection - the matter of traffic. There is already a substantial amount of boat traffic (both motorized and non-motorized) on Lake Kashagawigamog - especially on weekends. It is already difficult at times to navigate safely in the narrows immediately north of the bay in question.

Although the proposed health spa might not have an immediate influence on this problem, expanded commercial development in the future very definitely could. Traffic on Airport Road would also increase until sooner or later, what is now one of the most scenic country roads in the area could be transformed from a quiet residential drive to a well-travelled access route.

My fifth and final objection to this proposal is that in addition to the potential size of this project (and its long term possible affect on water quality, boat and road traffic and the delicate commercial - residential balance), I wonder if it might lead the way to a different kind of development. I am not an environmental purist opposed to all types of development. We all need the economic boost this gives our area. Nor do I have any personal ax to grind with Mr. Blair. In fact, I think his creation of PineStone Inn and Country Club has been a tremendous asset to Haliburton County.

My concern here is that the very nature of this project could have a chain-reaction affect on the type of use made of this lake in the future as well as the amount of use.

Haliburton County has a unique character distinct from other tourist areas - the Kawarthas or Muskoka for example. Part of our uniqueness is that we have thus far preserved the traditional family atmosphere and natural uncluttered appearance of our lakes through sensible bylaws and zoning procedures. My wife and I chose to settle here permanently for that very reason. Although it is very true that we are among the property owners most directly affected by this proposed zoning change, and thus most strongly motivated to oppose it, we are by no means the only people with our long-term best interests at stake. I'm sure there are others like us that live here or come back year after year to our many beautiful resorts and campgrounds that would like Haliburton County to retain this uniqueness. There is still ample room in Minden

letters

township or elsewhere in the county to establish an exclusive health spa if that's what the majority of taxpayers want. However, as far as Lake Kashagawigamog is concerned, I for one, would stand by the old cliché, "enough is enough".

Glen Carter,
R.R. 2, Haliburton.

Editor:

Your editorial in the March 20th issue "Save The Access" was right to the point.

Of course Alex Little, as well as the 60 other residents who signed the petition a year ago are right.

It is all very well for the cottagers of Soyers Lake to suggest the road allowance be closed - they all own lake-shore property and have no problem with access.

Road allowances were created for the "Public" so that they could travel freely without having to interfere with the rights of private landowners.

No municipal council has either the legal or moral right to close a road allowance over the objections by the local residents. Should this council attempt to do so not only should the decision be appealed by legal process, serious consideration should be given to instituting legal action against those members of council who vote in favour of the closure.

In the same vein, if the facts as set out in Brian Van Koughnet's letter published in your March 6th edition are accurate, then if I were he, I would certainly be con-

letters

sidering commencing personal action against the members of council for failing to take all legal steps to enforce the stop work order they issued.

Geoffrey Robinson,
Blairhampton.

Editor:

I am very pleased to find that Murray Fearrey has tossed his hat in the ring as Member of Provincial Parliament for Victoria and Haliburton Counties. He is a man with vast knowledge of both municipal and county affairs; and has had a lot of dealings with Queen's Park in the past.

I've known Murray Fearrey since he came into Haliburton Lumber Company as a very young man. I've sent, over the years, a number of people to Mr. Fearrey's business to purchase material for cottages and permanent homes. I was talking to a man yesterday (Sunday) that I sent to him, who figures he has spent at least \$30,000 for a beautiful big home he is building. He has nothing but the very best to say about Murray Fearrey. Checking back with a number of people whom I have referred to Mr. Fearrey's business, I have received nothing but the best references. I personally class him as an honest, upright citizen, one whom the public should be able to trust to carry the banner for Victoria and Haliburton counties.

Bruce Nesbitt,
Minden.

Employment funding

- by Bill Scott, M.P. -

Bill Scott, M.P. for Victoria - Haliburton, announced today that the Hon. Flora MacDonald, Minister of Employment and Immigration, has to date given approval in principle for the following Unemployment Insurance Section 38 job creation projects in Victoria-Haliburton.

Ross Memorial Hospital \$14,392; Townships of Anson, Hindon and Minden \$62,272; Victoria County Parent Support Inc. \$8,378; Township of Emily \$29,028; Kawartha Region Conservation Authority \$48,283; Sir Sandford Fleming College \$26,365.

Under the Native Allocation of the Canada Works program the Minister approved in principle the application of the Lovesick Lake Native Women's Association for \$18,448 to establish a Community Contact Centre in Burleigh Falls.

As well, the Minister has approved in principle the following projects under the

Local Employment Assistance Development Program (LEAD). This Program provides assistance and grants to increase the number of permanent jobs in localities of chronic high unemployment.

Haliburton County LEAD Corporation \$38,840; Victoria County LEAD Corporation \$21,200; Georgina LEAD Corporation \$40,100; Heritage Acres Inc. \$350,000; Township of Georgina \$201,000; Chipewas of Georgina Island \$207,000.

Mr. Scott added, "These approvals demonstrate the sincere desire of our government to create jobs in

Victoria - Haliburton by promoting the activity of private companies, non-profit organizations and municipalities".

Although applications are no longer being accepted for Section 38 projects, additional approvals are pending and will be announced in due course.

County Tories hear from 4 hopefuls

Conservatives from throughout the county gathered at the Wig-A-Mog Inn Sunday morning to assess the four candidates seeking the Tory nomination for the May 2 provincial election. A crowd of over 100 enthusiastic supporters of the Frank Miller government was on hand for the occasion, travelling from as far as Oxtongue Lake and Cardiff to hear the four PC nominees.

The would-be candidates, Dave Murray of Fenelon Falls, Don McCumber of Emily Township, Larry McKnight of Minden and Murray Fearrey of Haliburton, were given an opportunity to deliver a short prepared speech and then respond to questions from the crowd.

All of the candidates stated that they believed this election would be the one in which the Liberal domination of the riding would end. John Eakins, the candidate nominated by the riding's Liberal party, has held the seat for the past ten years.

Hopeful Dave Murray outlined his large number of years, 16, in municipal government and suggested that this gave him an intimate knowledge of the workings of the provincial government. Murray, who has run provincially for the Conservatives in the past and lost, said that tourism and lumbering appeared to be the two main issues of concern to voters in the Haliburton County area. He also pointed out that water levels, and their impact on resorts and cottages is an area of concern for him. Murray noted that he had served on the Kawartha Lakes Conservation Authority and was familiar with the problems of maintaining the lake levels.

Don McCumber is a re-training instructor at Sir Sandford Fleming College in Lindsay as well as being the reeve of Emily Township. He told the audience that he had assisted the provincial government in getting the employment assistance program 'Ontario Youth Start' underway and was therefore familiar with a number of ministries and their operation at Queen's Park. McCumber said his main concerns were tourism. He said he would like to see the rail line between Lindsay and Haliburton put to use for a recreational purpose.

Minden resident Larry McKnight noted his years of service to the local riding association and his family's long history of support for the Tories to back his interest in seeking the nomination. Noting that he was the only candidate for the nomination who was not a municipal politician, McKnight quoted former Ontario Premier Leslie

Frost, who was the representative for this riding, claiming that he said, "Election to a municipal office is not the only way into provincial politics and that sometimes it could prove to be a liability." McKnight said that he had been a co-ordinator for the Frank Miller forces during the recent provincial leadership campaign. He said he had a formidable "Grit busting" election team ready to go.

The fourth candidate to speak was Dysart Reeve

him that more apartments would be needed. Murray Fearrey said he was receptive to seniors and was aware of their needs. He said the seniors of this county tend to be self-reliant and as a result their needs do not show up on surveys as they might in other areas. He suggested by creating more apartment facilities for these individuals, it would result in additional low cost housing units on the market for young families.

All of the candidates

agreed with the questioner who said there was too much bureaucracy and that some effort was needed to reduce the amount of red tape. McKnight said, "I agree 100% ... as a businessman that's why I want to run." He pointed to Premier Miller's small business background as a good omen for less government in the future. Fearrey said that red tape hurts the small businessman. "I'm on the right side of the road ... I believe in small business."

The candidates were asked if they were aware of a District Health Council study which recommended five years ago that the county should have 15 chronic care beds by this year. Three of the candidates, Dave Murray, Don McCumber and Larry McKnight said they were aware of the report, but that it should be "dug up" and the recommendations acted upon. Murray Fearrey noted that he was a member of the Health Council at the

time the report was prepared. He suggested the report could be updated, with 20 beds the recommended number ... 10 for Minden and 10 for Haliburton.

The final question of the morning was directed at Dysart Reeve Murray Fearrey by Lutterworth Reeve Ron Gambell. He said that since Fearrey had announced his candidacy, rumours had been circulating in Minden that if Fearrey was chosen as the PC candidate and won the election, the county seat and provincial facilities such as the registry office, O.P.P., Ministry of Natural Resources and Ontario Hydro would be relocated in the Village of Haliburton. Fearrey responded by stating, "There will be no moves such as that." He told the gathering that if he had wanted to move the county seat to Haliburton Village it could have been accomplished with a simple majority vote several years ago when the county was elevated to full county status.

The morning session proved to be a warm-up session for the candidates and delegates who will face their full test this Saturday in Lindsay. The PCs will select their provincial election standard bearer at a nomination convention, Saturday afternoon.

The four candidates seeking the Progressive Conservative nomination in Victoria-Haliburton met fellow Tories at a Sunday morning gathering. The four include, from the left, Murray Fearrey, Don McCumber, Larry McKnight and Dave Murray. Host and master of ceremonies for the meeting was Art Ward, right.

Murray Fearrey. He told the audience that the province needed tougher laws to support the efforts of the police, particularly in areas of drug abuse, pornography and illegal abortions. Fearrey said that youth unemployment was of major concern to him and that while he respected the former Ontario Premier he had to take issue with the quote offered by McKnight. He said his municipal experience would be an asset if he were chosen to represent the riding in Toronto.

The candidates then answered a number of questions posed by members of the audience. Asked how the candidates would help the lot of seniors in the riding they responded: Dave Murray said the fact that many of them must get along on a fixed income was a concern of his. McCumber described seniors as an important resource in a community which should be utilized. He suggested both ends of the age spectrum could benefit if programs were developed with youths and seniors working together. McKnight said he was aware of the concern of seniors and cited the creation of additional housing units in Minden as an example of the province meeting their needs. He said when Housing Minister Claude Bennett was in Minden to open the new apartments he suggested to

from the chamber

The Frost Centre wants you to enjoy and participate in their annual Maple Syrup and Information Day. From 9:30 till 3:00 Saturday, March 30, the Ministry of Natural Resources invites you to join their staff at Dorset for the following: sugar bush operations, facility tours, snowshoe display, lapidary demonstration, forestry exhibits, wildlife displays, wood energy information, maple products and bake sale, horse drawn sleighs/wagons.

Festival lunch: \$3.00 per person. \$2.00 per child under 12 years. Bring the family!!

Thank you

A big thank you to Lorna Hicks for spending the last ten days at the Sportsmen's Show on behalf of this Chamber and the County of Haliburton. It's a very tiresome job being available from 10:00 a.m. to 10:00 p.m. every day in the demanding position at our booth. We appreciate it Lorna.

We also has several members spend their time at the booth on a volunteer basis. Hats off to Rob & Susan Clark, Syd & Lois Adamson, Mr. and Mrs. Bob Levesque, Mark Scott, Tom Ecclestone, Steve Lacy, Marg and Mitch Kennedy, Les and Carol Feero. You've offered tremendous support! Thank you .. thank you .. thank you!

L.E.A.D. begins

As announced in this paper some weeks ago, the

Chamber of Commerce is attempting to bring a L.E.A.D. program to the county. This program is presently in the developmental stage with research being done to determine if, how, and when the project might be applied for.

Andy Campbell, project researcher, needs a Board of Directors from the community to assist in the affairs of the program. If you have expertise in any field of business, and would like to see a L.E.A.D. project in Haliburton County, please volunteer your time. There is an ad in this paper with more information.

Coming events

Wednesday, March 27, 6:30 p.m., Minden Curling Club - Red Cross general meeting. Call Brian Adamson at 286-2550 for information.

Saturday, March 30, Sweep Into Spring ladies bonspiel at Minden Curling Club. For further information call Cheryl Murdock 286-2466 or Gwen Cox 286-2057.

Saturday, March 30 - Maple Syrup and Information Day, Frost Centre, Dorset.

March 31 - Fish huts must be off the lakes.

Rails' End Gallery - Grandmother's Garden and Wooden Quilts exhibits continue.

Agnes Jamieson Gallery - Paintings, abstracts and cartoons by George Kovacs continues, watercolours by Mrs. J. Bowen and Mrs. M. Wade.

Lutterworth okays 1985 expenditures for roads

The Township of Lutterworth municipal council has approved an expenditure of \$151,000 on road construction projects during 1985.

Approval came at the regular meeting of Council on Thursday, March 21. The expenditure will cover construction costs of three projects in the township.

Work will be carried out on the Buller Road in concession 3 near the intersection of the South Beaver Lake Road.

A second project involves the upgrading of the Davis Lake Road along the north shore of Davis Lake.

Also slated for construction is a section of the Lutterworth Road east of the go-cart track. The roadway will be lowered and widened to improve visibility. The project is being carried out in answer to concerns that the knoll on the road poses a safety hazard because motorists approaching the go-cart track from the east are unable to see pedestrians on the road until they crest the hill adjacent to the track.

Of the total \$151,000 in expenditures, \$85,000 will be covered by a grant from the Ministry of Transportation and Communications.

Chamber grant

(from page one)

manager that outlined the Chamber's future plans. "The proposal for 1985 was accepted by Council. We supported them. I think they are heading in the right direction," he said, adding, "We should be pulling together, not apart."

Elaborating on his criticisms of the Board, Gambell said, "There are only two or three people that make decisions," adding that he is unable to get any information from the other directors. "I can't find out what I want. Maybe they won't talk to me," he said.

He added, "I don't care what people think. I have a

right and a responsibility to speak my mind."

Dysart et al Reeve Murray Fearrey joined the debate arguing that most organizations have a management team of two or three people, adding, "They should get back to the directors. Perhaps that is the problem."

Gambell concluded the discussion by telling Council, "If you people want to condone it, fine, but I don't want to have anything to do with it."

When the budget was passed by Council, Gambell registered a nay vote, the only member of council to do so.

ASK YOUR PHARMACIST

ASA or Acetaminophen?

"I'd hate to think I'm influenced by what I see on T.V., but — is there really a difference between Aspirin® and Tylenol®?"

Yes. They are two very different drugs. Aspirin® is acetylsalicylic acid (ASA) and Tylenol® is acetaminophen.

Both medicines are equally effective in treating pain or fever. ASA, however, can decrease the inflammation, swelling, stiffness, and joint pain of arthritis and rheumatism; acetaminophen cannot.

ASA can irritate the stomach. Take it with a full glass of water or milk to reduce the risk of stomach problems. Despite advertising claims, buffered ASA (for example, Bufferin™, Asadrine® C-200) is not proven effective in decreasing stomach irritation.

There are enteric-coated ASA products, such as Entrophen® and Ecotrin®, which lessen stomach irritation because they do not dissolve until they reach the intestine, or in about 9 hours. Take enteric-coated tablets with water only. If you need quick relief, enteric-coated products are not for you.

Don't use ASA without professional advice if you bruise or bleed easily, have gout or an ulcer, are taking oral diabetic medication or blood thinners, or if you are pregnant. Never use ASA for stomach pain.

ASA products can produce very dangerous allergic reactions. Symptoms include shortness of breath, skin rash, swelling, asthma attack, and shock. If you have allergies or asthma, avoid ASA products (including cold preparations) unless your doctor

says you may use them.

Do not buy large bottles of ASA for only occasional use. Uncoated tablets deteriorate rapidly. If they begin to smell even faintly like vinegar, throw them out.

For pain and fever, acetaminophen is a sound alternative to ASA. People who are allergic or sensitive to ASA can usually take acetaminophen without difficulty. Moreover, it will not irritate the stomach. It can produce severe liver damage if taken in excess or for long periods of time.

If you are treating a fever, do not use either ASA or acetaminophen for more than 3 days. Follow all medication label directions carefully unless your doctor has given you different dosage directions.

It's especially easy to accidentally overdose children by not following dosage directions. Use the pediatric versions of these medicines. Children are not adults and should not be given adult medicine.

ASA or acetaminophen? There is a difference. Ask your pharmacist to help you choose.

Eakins ready for election

John Eakins is prepared and ready for the May 2 provincial election. The Victoria - Haliburton M.P.P., speaking from his constituency office in Lindsay, said he was ready to take his candidacy to the voters of the riding. "I have served the people of Victoria - Haliburton well over the past ten years," Eakins commented. "I hope the voters see fit to return me for another term."

Looking at the provincial campaign, the Liberal candidate said he felt one of the main issues will be employment. He noted there has recently been an emphasis on youth unemployment. "But the problem isn't just confined to that group," he noted.

He said the retiring pre-

mier's decision to extend provincial funding of high school for the separate school system is something which should be debated in the legislature before being implemented. He said this move by the then premier William Davis could become one of the major issues of the campaign.

Eakins noted that the Liberal party's report prepared by the Task Force on Rural Municipalities, which he chaired, should be released during the election campaign. He said the Liberal party is committed to the survival of smaller communities in the province and wants to ensure they will continue to have a healthy economic and social future.

The incumbent MPP

challenged the contention put forward by some members of the Conservative Party that this riding needs a member on the government side of the house to obtain funding for various projects. Eakins said funding for road work and Wintario capital assistance in this riding is comparable with adjacent ridings. He said this was an indication of his influence at Queen's Park and an indication the riding is not being left out. "I cannot think of one area where we have lost out," he commented. "I for one certainly wouldn't like to see the return of the era of pork barrel politics as the suggestions from some seem

to imply."

Commenting on the apparent strength of the Conservatives heading into this election, Eakins suggested the party was probably still riding on the momentum created by the leadership campaign and the election of a Conservative Government in Ottawa.

"I think that people in both counties have been well served during my term in office," Eakins said. "I've done my homework, I'm ready to take on any challenger the PCs choose."

The Liberal incumbent said his campaign is gearing up for the election and should be in operation this week.

County lacks grant information

Uncertainty over the transfer payments from the provincial government is making it nearly impossible for the county to set a budget according to Murray Fearrey, a member of the County Management Committee responsible for drawing up the 1985 budget.

Fearrey made his remarks prior to the passing of the budget at the regular meeting of County Council on Wednesday.

Fearrey told Council that the budget must be passed by the March 31 deadline

each year even though grant revenue figures may not be available. "We should get the government to give us an idea what the figures are before we have to set a budget," Fearrey said.

Because the provincial budget has not been announced the committee was "just guessing" when they set the budget, he said. Due to the uncertainty over provincial grants Fearrey predicted that the county could in the future "have a deficit that staggers you."

Pergolas named council head

Ed Pergolas has been officially appointed Acting Reeve of the Municipality of Anson, Hindon and Minden. Pergolas, who has served as the Deputy Reeve was appointed at the March 14 meeting of Council.

Councillor Gary Kenney was appointed Acting Deputy Reeve. Council also passed a bylaw consenting to Reeve Lyle McKnight's absence from the regular meetings of Council due to ill health until such time as he is able to resume his statutory duties. McKnight suffered a stroke Sunday, February 3 and has been confined to hospital ever since.

Under the Municipal Act the Acting Reeve has all the powers and privileges of the

Reeve including a vote on County Council. However, under the Act, the Acting Deputy Reeve only has the same privileges as the Deputy Reeve on the municipal level.

Consequently when Kenney attended the County Council meeting on March 20 he was informed that he could not sit at the council table, since he did not have a vote.

The decision to bar Kenney from the council table was made by the Steering Committee because of doubts concerning his official status. Kenney was told that he would have to remain in the public gallery but would be allowed to participate in council discussions.

Haliburton Bantams tied 1 - 1 in Ontario final

submitted

The Haliburton Bantams travelled to Teeswater last weekend to begin the All Ontario Championship finals. Their aim was to win at least one of the two games in order to get started on the right foot in the best of seven series, and they did just that.

The Saturday game was a clean affair, with only nine minor penalties being called. Haliburton winger Alan Rydman opened the scoring at 11:40 of the first period on a pass from Scott Russell. Teeswater scored at 2:46 of the first to tie it at a goal apiece.

Teeswater scored again at 14:44 of the second period to go ahead by one. Halibur-

ton's Scott Russell tied it up at 11:49 after receiving a relay pass from Alan Rydman and Ron Perrin.

Teeswater took the lead again at 10:21 but Scott Russell tied the game at three apiece only 47 seconds later, assisted by Alan Rydman.

Erin Nicholls put the Huskies ahead by one at 4:34 of the second, unassisted.

Teeswater again tied it at 2:26 of the second and went ahead by one at 14:54 of the third.

Not giving up the Huskies tied the game with only 4:04 remaining on a goal by Erin Nicholls, assisted by Ron Perrin. Erin scored again at 1:51 to secure the win as the

Huskies held on despite a rush by Teeswater in the dying seconds of the game. Gavin McKnight played strongly for Haliburton with the final score being 6 - 5 for the Huskies.

In the game played on Sunday the players hit 2 posts, had 2 goals disallowed and were defeated 6 - 3 by Teeswater. The final Teeswater marker was an empty net goal late in the game. Again Gavin McKnight played well and both the defensive and offensive units worked hard but the Teeswater team had their backs to the wall and came out ahead.

The score at 14:38 of the second was 3 - 0 for Teeswater before Jeff Warbur-

ton scored at 12:44 to narrow the gap, assisted by Erin Nicholls and Scott Russell. Erin Nicholls reduced the deficit to one at 13:39 of the third period assisted by Scott Russell and Ron Perrin. Teeswater went ahead by 2 at 10:33 before Colin Hunter reduced the margin again to one, assisted by Jeff Warburton and Scott Russell.

However, Teeswater scored again at 6:40 and added an empty net goal with one second left.

A total of 40 minutes in penalties were called with Haliburton receiving 24 minutes.

The Huskies won the coin toss for the fifth game and the home schedule is as

follows. This Saturday night (March 30) at 7:30 p.m., Sunday at 2:00 p.m., and Good Friday, April 5 at 8:00 p.m. The sixth game, if required will be held in Teeswater on April 7 and the seventh game in Haliburton on April 13 at 7:00 p.m. if required.

As you know, it costs a lot of money for away games and the team sincerely appreciated the donations received from the following businesses and individuals: Curry Motors, Emmerson Lumber, Haliburton Lumber, Hawk River Con-

struction, Cordell Interiors, Bob Mumford, Leonard Salvatori, Kennedy Surplus, Black's Home Hardware, M.N.R. Hockey Team, Mike Easton, Bill Burden from the West Guilford Shopping Centre and for the coverage provided by the Echo and The Times. Thanks also to Minor Hockey for their usual 100% backing.

The boys will be playing their best in the next games and we are sure with a full arena of fans they will secure the Championship Trophy.

Dog honoured at Sportsmen's Show ceremony

A small dog named Spook owned by John McAdam has been inducted into the Purina Animal Hall of Fame in recognition of the part he played in the rescue of a snowmobiler from the waters of Big Hawk Lake.

As reported in The Times, the rescue took place in early March 1984. John was visiting relatives at a marina on

the lake when Spook became agitated and barked at the door.

When John walked out of the store he heard cries for help from the bay near the Big Hawk Lake dam.

When he investigated he found his friend Bill McKay, of Carnarvon, hanging on the edge of the ice, unable to pull himself from the water because of the weight of his

waterlogged clothing. John was able to pull his friend to safety, thus saving his life.

He said later that Spook must have heard the cries for help and that was why he became so agitated.

The rescue came to the attention of officials of the Ralston Purina Company and on Friday Spook was inducted into the company's Animal Hall of Fame at the

Sportsmen's Show in Toronto.

John and Spook spent three days in Toronto as guests of the company and during the induction ceremony Spook was presented with a sterling silver dog tag and a monetary award.

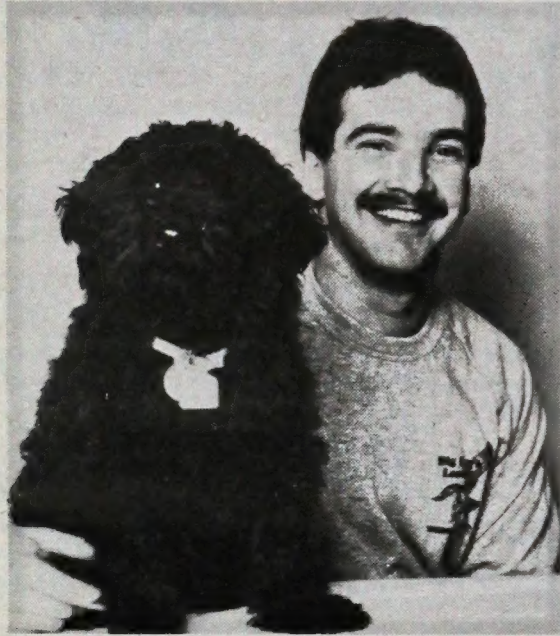

According to John, "Spook was excited the whole time. He knew something was going on and

he handled himself well through the award presentation and the press conference afterward."

Both John and Spook have received recognition from other sources for the rescue.

The Big Hawk Lake /

Halls Lake Property Owners Association presented them with awards last year and John has received confirmation that he has been awarded a Commissioner's Citation from the Ontario Provincial Police for his act of bravery.

John McAdam and 'Spook'.

Juveniles defeat Godfrey - advance to finals

The Minden Monarchs Juveniles have made it to the All-Ontario finals after winning the best of five semi-finals series against Godfrey three games to one.

The Monarchs won the last game of the series 4-0 at Minden arena on Sunday before a large crowd of hometown fans.

The Monarchs took a two game lead in the semi-finals with a 6-4 win in Godfrey on Saturday, March 16 and a 7-1 victory the following day at home.

On Saturday, March 23 the Monarchs travelled to Godfrey for the third game of the series. The Godfrey Juveniles faced elimination in the series but came up with a strong team effort defeating Minden 4-1.

Godfrey scored once on a power play and had numerous breakaways scoring three more goals before Boomer Stamp scored the lone Minden marker with only 38 seconds left in the game.

The Monarchs were unable to get a strong offense going in the face of determined forechecking by Godfrey.

Godfrey goalie Rob Heyman played an outstanding game repeatedly frustrating Minden's attempts to score.

Sunday's win

In spite of their disappointing loss on Saturday, the Monarchs put on a spirited, aggressive performance the following afternoon in Minden. Minden outlasted, outplayed and outscored the visitors on their way to a 4-0 shutout.

Playing two men short in the first period, Minden nearly scored on a breakaway, a sure sign of their determination to win. The excellent goaltending by Minden netminder Kevin Smith was a major factor in the team's victory, and earned a number of ovations from the fans.

Monarch captain Jeff Howe opened the scoring with six minutes remaining in the first period, taking a pass from Lennie Johnston and Chris Laporte and flipping it over the Godfrey netminder.

After Minden forced a faceoff in the Godfrey end late in the period, Boomer Stamp took a quick pass from Scot Hamilton and Bernie Upton and drove in a shot from the blueline that deflected off a defenseman's skate into the net.

Godfrey regrouped in the second period holding the Monarchs scoreless but were unable to beat Kevin

Monarch defenseman Tim Wood covers the net as goalie Vince Duchene challenges a Godfrey forward during the semi-final game played Saturday. Minden lost the game 4-1 but shutout Godfrey 4-0 Sunday to win the semi-final series and advance to the All Ontario Juvenile DD final against Paisley.

Smith and the period ended with Minden ahead 2-0.

Early in the third period Jason Stamp fought his way through a crowd of Godfrey players and scored the Monarch's third goal. Assists went to Doug Schell and Dennis McKee.

A minute later Barry

Boice slipped one past the Godfrey goalie after taking a quick pass from Bernie Upton.

In the last minute of play Godfrey made a determined effort to break the shutout.

Goalie Kevin Smith stopped three quick shots before his defense came to

the rescue and when the final buzzer sounded, he was mobbed by his teammates as the fans cheered the victory.

The opening game of the best of five championship playoffs is slated for the Minden arena on Saturday, March 30, beginning at 4 p.m. The second game in the

series will be played next day in Paisley beginning at 2 p.m.

A spectator bus will be leaving the Minden arena Sunday morning. Anyone wishing to travel to the game can contact coach Jerry Campbell at 286-2701 for more information.

COUNTY OF HALIBURTON ROAD CLOSED

County Road #18 will be closed at the Ingoldsby Bridge effective immediately until approximately June 28, 1985. Traffic should detour via County Roads #16, #1, #17.

W. E. Obee, County Engineer

The Provincial Victoria - Haliburton Progressive Conservative Association announces their

NOMINATION CONVENTION

to be held in
I.E. Weldon Secondary School, Lindsay
at 1:00 p.m. on
Saturday, March 30, 1985

(Registration commences at 11:00 a.m.)

The purpose of this meeting is to elect a candidate to represent the Provincial Victoria - Haliburton Riding in the next Provincial Election.

NOTICE

To be a voting Delegate, you must be selected by your Poll Captain. You must reside within the boundary of the Poll you represent, on or before Tuesday, March 26, 1985. There will be a registration fee of \$2.00.

All persons welcome. Refreshments available.

Crofts will stand trial

Paul Crofts has been committed to stand trial for a number of charges, including attempted murder, following a preliminary hearing last week in Lindsay. Appearing before Judge George Inrig, Crofts' trial was set for the fall assizes of the Ontario Supreme Court, before a judge and jury.

Crofts was charged with a number of offenses after an incident in Haliburton Village last August during which police were held at bay for 29 hours by an armed gunman. The man eventually surrendered to police but not before he and two members of the OPP special tactical unit were injured by gunfire.

Crofts is being held in the Penetang Ontario Hospital on a Lieutenant Governor's warrant.

Roll over

An effort to avoid an oncoming car has resulted in \$5,000 damage to a vehicle. According to police, 24 year old Alan Northey of Minden was rounding a curve on Highway 121 in Dudley Township when the mishap occurred March 22. He met an oncoming car and swerved, losing control of his 1983 Datsun pick-up truck, which struck a rock cut and rolled over. There were no injuries. The second vehicle involved in the accident was not located.

Constable Barry Connell-

ey was the investigating officer.

Driver charged

A Wilberforce man has been charged with careless driving and driving while his licence was under suspension following a mishap March 23 on Highway 648 in Monmouth Township.

Charged is 37 year old John Horsely.

According to the police,

the man lost control of a 1975 model GMC pick-up, as it rounded a curve. The vehicle struck a restraining barrier resulting in \$5,000 damage to the vehicle and \$500 damage to the barrier. The driver and a passenger, Ronald Jone of Listowel, sustained minor injuries in the mishap.

The matter is being investigated by Constable Paul Shaughnessy.

HELP A STUDENT STEP INTO THE WORKING WORLD

AND WE'LL HELP FOOT THE BILL.

Announcing Challenge '85, the Ontario/Canada employment program that will help students put their best foot forward this summer, with valuable experience in the working world.

The Ontario/Canada Summer Employment element of Challenge '85 will help private business, municipalities, and non-profit organizations by paying wage subsidies to offset a substantial portion of the costs of hiring young people.

If you can provide a stepping stone, by offering productive work experience or on-the-job training related to career goals, take the first decisive step today.

As funds for this program are limited, we encourage you to apply early.

If you are a young person looking for work or assistance in starting your own summer business, we have programs for you. Should you have any questions or need more information, our program officers will be pleased to assist. For complete details of how you can benefit from the Challenge '85 program, call your local Employment Development Branch Office, Canada Employment Centre or the Ontario Youth Hotline at 1-800-263-7777.

Foamblowers take league title

The Rockcliffe Foamblowers have captured the Minden Men's Recreational Hockey League Championship after defeating Hartwick Construction two games in a row in the best of three finals.

The two game sweep capped off a nearly perfect season for the Blowers. The team won every game but one; a tie against Vasey Real Estate early in the season.

On Thursday, March 21 the Blowers began the final playoffs with an 8 - 5 win over Hartwick.

Hartwick opened the scoring late in the first period and held a 3-2 lead at the end of the second but the Blowers went into high the last period of play scoring six goals to take the game 8 - 5.

Dave Hartwick was the top gun for the winners, picking up a hattrick and assisting on one goal. Defenseman Ted Vasey added a pair of goals and an assist in the win.

Also scoring for the Blowers were Charlie Berube, Dave Pettes and Sid MacKeigan with a goal and an assist each. Andy Campbell and Jim McKelvey contributed an assist each.

Leigh Bull was the top gun for Hartwick scoring three goals and adding an assist.

Rick Hartwick with a goal and three assists and Frazer Rogers with a single marker were the other goal scorers.

Assists went to Murray Clarke with a pair, Frazer Rogers and Jeff Campbell with singles.

On Monday, March 25 the Blowers and Hartwick

met again in the final game of the season.

Just as he has been all season, Blowers' goalie Duanne Lennie was outstanding between the pipes as his team went on to win the game 9 - 6.

Like the first game of the series the contest remained close until the third period. The Blowers held a slim, two goal lead going into the second period. Hartwick tied the game early in the second period then the Blowers went ahead by three before Hartwick scored to end the period with the score 5 - 3 for the Blowers.

The Blowers added two more goals in the third before Hartwick scored a single marker then added two more to make it 9 - 5.

Hartwick narrowed the gap with a single goal in the last minute of play but it was too little, too late and the Blowers had the game and the championship.

Nine players shared in the goalscoring for the champions.

Dave Hartwick a goal and four assists, Wayne Johnston a goal and two assists, Dave Pettes, Sid MacKeigan, Jim McKelvey, Ted Vasey, Dan Brohm and Andy Campbell with a goal and an assist each and Dave Lee with a goal.

Rick Hartwick picked up a hattrick and an assist in the losing effort.

Leigh Bull with a goal and two assists, Murray Clarke a goal and an assist, and Kevin Hamilton a goal and an assist rounded out the scoring. Assists went to Frazer Rogers with two, Greg Carpenter and Neil Hutchinson with singles.

College seeks nominations

In recognition of the volunteer service of its employees to the community, Sir Sandford Fleming College (SSFC) presents an annual Community Service Award. Nominations are now open and the public is encouraged to submit names of candidates for the awards.

The College, as a community-oriented organization, instituted the awards to acknowledge its dedication to the communities it serves through the recognition of exceptional volunteer service of its employees. Last year's recipients were Carl Kimmett and Carol Northcott.

The awards are intended to honour persons whose voluntary contributions are not otherwise publicly rewarded and who do not benefit in any sense other

than self-satisfaction in the performance of service to the community at large.

Nominees must be full or part-time employees of Sir Sandford Fleming College. Their contributions must have been performed on a voluntary basis over a period exceeding two years in the College's region. This includes Victoria, Haliburton or Peterborough Counties, the Town of Cobourg or a section of Northumberland County served by the College.

Nominations, along with a brief outline of the candidate's background, should be forwarded to the President's Office, Brealey Drive, Peterborough, K9J 7B1 by April 19, 1985. The awards will be presented at the Frost and Sutherland Campuses Spring Convocation ceremonies.

As the Hartwick defense attempts to clear the puck, Rockcliffe forwards swarm around goalie Terry Crowe during the final game of the Minden Men's Recreational League play-offs Monday. The Rockcliffe Foamblowers won the game 9-6 to clinch the championship.

Questions raised over county budget procedures

Anson, Hindon and Minden Acting Deputy Reeve Gary Kenney may not have had official status on County Council at the March 20 meeting, but he did make his views known during the budget debate.

Kenney maintained the due process was not being served because members of council were not given adequate time to debate the budget submitted by the Management Committee.

Addressing one aspect of the budget, Kenney asked Council the amount of total reserves, whether the reserves are used as a contingency fund and whether a surplus has ever been applied to a reserve fund.

Murray Fearrey responded that reserves total \$20,000, these reserves have been used as a contingency fund in the past and a surplus has not been applied to a reserve fund but instead has been absorbed in the budget. Kenney then asked to what extent can members of council affect decisions regarding reserve fund allocations that could be used for planning and development.

Fearrey replied that prior to 1982 the Municipal Act prevented councils from carrying a surplus or a deficit. He added that although County Council passed a resolution in 1982 to put \$10,000 a year into the reserve fund budgetary restraints had made this impossible this year.

Fearrey pointed out that the Management Committee does not have as much flexibility in setting the County Budget as their municipal counterparts, since many County expenditures such as the operation of the Hyland Crest Senior Citizens Home cannot be reduced. "The Management Committee cannot do too much," he said, adding, "We can only affect the General Government (expenditures)."

Kenney responded that although he did not disagree with Fearrey's statements he felt there was more room for input from other members of Council.

He suggested that if a resolution was passed in January calling for the allocation of funds for planning and development the management committee could include those funds in the budget. He concluded his remarks by stating, "If Council could debate general policy regarding the budget that would better serve due process."

The Dwight Thomas rink captured top honours in the annual Straw and Stone Bonspiel held this past weekend at the Minden Curling Club. The event always draws a great deal of interest from area curlers as it marks one of the last big competitions of the season. The Straw and Stone is also an event at which the teams don zany costumes to add to the festive air of the weekend. Seen here with Dwight, upper left, are his team members, Barry Marshall, Anita Beaver, left, and Wendy Davis. Runners-up in the bonspiel was the Clayt Hummel rink which included Gerald Churko, Pat Atkinson and Alice Cox.

CORPORATION OF THE TOWNSHIP OF STANHOPE

PUBLIC NOTICE

TAKE NOTICE that the Council of the Municipal Corporation of the Township of Stanhope proposes to enact a by-law to stop-up, close and convey to the abutting property owners, those parts of the original allowance for road set out and described as follows:

FIRSTLY: All and Singular those certain parcels or tracts of land and premises situate, lying and being in the Township of Stanhope in the County of Haliburton and being composed of part of the original allowance for road along the shore of Maple Lake, lying in front of part of Lot 21 Concession IV and being more particularly described as Parts 1, 2, 3 and 8 on a Plan deposited in the Registry Office for the Registry Division of the County of Haliburton as Plan 19R 3 229.

A COPY OF THE PLAN OF SURVEY as noted may be viewed at the Township of Stanhope Municipal Office during normal working hours.

THE PROPOSED BY-LAW will come before the said council for consideration at its regular meeting at the Municipal Office in the Township of Stanhope on the 10th day of April, 1985 at the hour of 11:30 A.M., and at that time, the Council will hear in person or by his counsel, Solicitor or agent, any person who claims that his land will be prejudicially affected and who applied to be heard

DATED: February 21, 1985

Gerald C. Bain, A.M.C.T.,
Clerk of the Corporation of the
Township of Stanhope, R.R. 1
Haliburton, Ontario KOM 1S0.

Students make history come alive

A miniature world, recreating the settlements and homes of the native people of Canada, and the early pioneers, is currently on display at the Archie Stouffer Elementary School in Minden.

"History Comes Alive" is the theme of the display that features 26 projects by the students of Nick Pawluch's grade 7 class.

Wherever possible, the students used materials that were employed by the Natives or pioneers in the construction of their homes, encampments and forts.

A Huron longhouse, fashioned from ash twigs and cedar bark, a log cabin, teepees constructed from leather and wooden supports or birch bark, and a meticulously crafted scale model of the first home built in Canada by French explorers were a few of the models on display.

A written description of the building and the people who inhabited the structures accompanied each model. Also included are tiny representations of canoes, dog sleds and snowshoes....the forerunners of modern modes of transportation.

The teepee shown at the right is modelled on a Huron encampment of the seventeenth century.

Some of the students of the class survey a table laden with the projects. Included are, from the left, Lee Raback, Hunter Obee, Michelle Walker, Jeff Sisson, Dale English, Tony Turnbull, David Maybee and Craig McKnight.

Sir Sandford
Fleming College
invites
NOMINATIONS
for
**Fellowship in
Applied Education**

Sir Sandford Fleming College instituted this Fellowship to recognize citizens for outstanding community contribution through significant achievements in their vocation or avocation. Successful candidates have demonstrated, for example, strong personal initiative, concern, imagination and perseverance.

Nominees must work and/or reside in the counties of Victoria, Haliburton or Peterborough, or the town of Cobourg or the section of Northumberland county east of Highway 28 served by the College.

Nominations for Victoria and Haliburton counties should be directed to: Ray Foster, Fellowship Chairman, Frost Campus, Sir Sandford Fleming College, Box 8000, Lindsay, Ontario, K9V 5E6. Nomination forms may be obtained at local Chamber of Commerce offices or by writing to the above address or telephoning (705) 324-9144.

Nominations for Peterborough county, or the relevant portion of Northumberland county should be directed to: Jack Elliott, Fellowship Chairman, Sir Sandford Fleming College, Peterborough, Ontario, K9J 7B1. Nomination forms may be obtained by writing the above address or telephoning (705) 743-5610.

Nominations should be received prior to April 2, 1985. Fellowships will be presented by the respective campuses during Spring convocation ceremonies in Lindsay and Peterborough.

Goat breeders consider options

by Ernest Hills

After weeks and months of hectic preparation, the Haliburton Goat Society presented a very successful forum for the debate of issues affecting the goat industry at their conference held March 16, in the Lindsay agricultural office.

The conference was hastily organized in response to the criticism and sometimes heated controversy surrounding a resolution, sponsored by the Haliburton club, which called for a stronger role for the provincial organization representing goat breeders. The exchange of ideas and perceptions were very frank and to the point, resulting in a productive session.

Included among the noted guests attending the conference were John Eakins, M.P.P. for Victoria - Haliburton, and Carm Hamilton, agricultural representative for the region. Close to fifty registered for the morning session. Organizations represented included the Canadian Goat Society, the Ontario Dairy Goat Society, and the Chevon Producers Association.

From among the regional clubs invited there were representatives from the Kawartha Dairy Goat Club, the Huronia Goat Club, the Guelph Area Goat Association, and host club, the Haliburton Highlands Goat Society. Several independent submissions were also received from private goat breeders, including Mia Lane of Forget-me-not Dairy Goats, Suzanne Bishop of Rainbeau Farm, and Russ Warren of Rusjune Farm.

Presentations by the regional organizations, as well as much of the content in the individual submissions were critical of the existing status quo within the industry. Identified as problem areas were communications, existing constitutional structures, and a lack of direction, which might be clearly addressed by a marketing and promotional program.

The meeting called for a review of the existing constitution of the Ontario Dairy Goat Society, with the focus upon items contained within the resolution of the Haliburton club. Those points included a review by the national and provincial organizations, with a view to reducing the duplication of services; a name change to reflect the new incentives involved in goat keeping; a review of the format for meetings of the ODGS, to provide a process by which regional clubs might present resolutions, independent of the directorship.

They would subsequently anticipate some followup on concerns expressed in resolutions which were adopted.

And finally, a greater level of involvement both with the provincial ministry of agriculture, and other provincial farm organizations, on the part of the ODGS, to provide an effective lobby for the concerns and on-going needs of the goat keeping community.

Communication was the key note struck by all three levels of organization at the conference, and the recurring theme of the resolution of agreement involved the exchange of information in both directions of the organizational ladder. The sense of frustration was evident in the release of statistical data, showing the dramatic decline in membership to the provincial association, and thereby the lack of communication that exists with the majority of goat keepers who do not subscribe to the provincial publication.

Several of the resolutions evolving from the conference called for a renewed spirit of co-operation among the regional clubs and the provincial association. One joint venture proposed involves the formulation and circulation of a comprehensive survey of goatkeepers, their concerns and their requirements to become an effective part of the agricultural community.

Both Keri Kelso, vice-president of the Ontario Dairy Goat Society and Jack Spiers, president of the Canadian Goat Society voiced similar observations concerning a lack of participation by the grass-roots sector of the goatkeeping community. Further, there has been a reluctance in the past to extend into one's pocketbook for the programs, identified as necessary, but expensive undertakings all the same. Government constraints on spending have also curtailed much of the activity, such as

research into health concerns, identified by goat breeders in attendance as so essential to the on-going viability of their operations.

The circle of indifference has encompassed such a wide sector of the industry, not only for want of a direction, as provided by decisive leadership, but for lack of a consensus on ideas by the membership. A comprehensive program including all facets of the goat breeders' productive capabilities would, while

expanding the workload, also signal a call for unity and determination of purpose.

Those in attendance at the conference should be congratulated for a constructive and helpful insight into the problems of leadership at the various levels of organization. Thanks too to the members of the Haliburton Highlands Goat Society who offered their time to assist the club in once again providing a class act.

ANNOUNCEMENT

Mr. and Mrs. Wm. Brown are pleased to announce the engagement of their daughter Inez (Suzy) and Peter Kozo, son of Mr. and Mrs. Charles Kozo of Downsview.

There was an interesting Women's Institute meeting at Minden Library Cultural Centre on March 20 with Mrs. L. Cox reading a verse, "Keep A Song In Your Heart" to begin this. The Roll Call of Haliburton County Industries was answered by 17 members and one guest Peggy Harrington who later joined. The card report of 12 cards being sent was read and collections for the Card Fund, Pennies for Friendship and Catscan were taken.

Those attending Rural Organizations Course at Omeme Mrs. L. Cox, Mrs. D. Cox and Mrs. C. Lacey told us of their day and some things they learned there.

Mrs. M. Bunker, District Director, and Mrs. C. Lacey, alternate, had attended District Executive meeting at Fenelon Falls and the former gave us a full report. District Annual is May 14 at Fenelon Falls United Church and we send

as our report to be given by District Director our Branch's Inauguration as to who, where and when.

Mrs. D. Cox convenor of Agriculture and Canadian Industries told us of Cottage Crafts in our County. She then passed around samples of rug braiding. Names were turned in for a course in rug braiding to be arranged for the fall. A movie "Patchwork Quilts" was shown by Mrs. Lacey. We all appreciated this fine program. Mrs. Wm. Cowen's name is to be sent for In Memoriam.

A social half hour and snack followed. The next meeting will be at this same location April 17 with all ladies welcome.

Jeanne Sears, P.R.O.

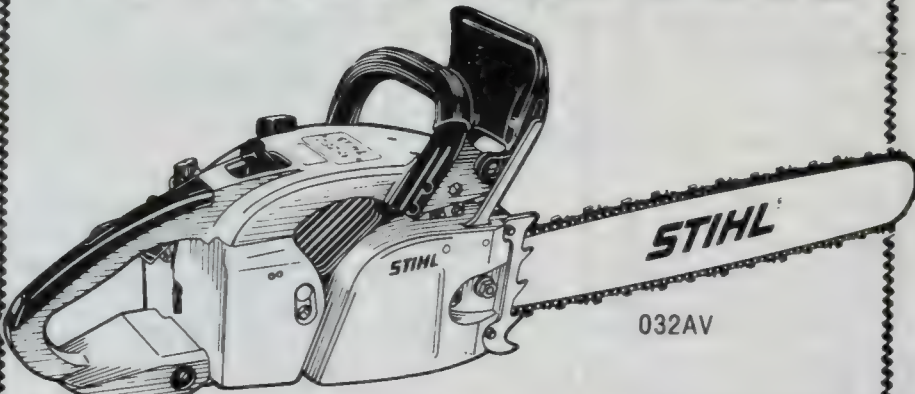

Jane Graham presents the Men's Senior Curling trophy to the Roy Windover rink at the conclusion of the annual Senior Curlers Dinner March 25. The event marked the end of the 1985 regular curling season for the seniors and was capped off with a dinner following the playoffs. Members of the Windover foursome include, Fred Martin, Milt Endicott and Stan Hill.

Seniors speakers program changed

by Katherine McMahon

The spring program has begun at the Haliburton County Home Support Services Drop-In Centre.

The coffee hour speakers' dates to speak have been

rearranged. Constable Gary Chapman, Minden Detachment of the O.P.P. spoke on Monday, March 25. Murray Fearrey will be speaking Monday, April 29. Howard Roberts, acting Fire Chief for the Haliburton Volunteer Fire Department spoke

about fire safety on Wednesday, March 27. Derry Wilford will be speaking about photography Monday, April 15. A new brochure with these changes is available at the Drop-In Centre, located in the Drag River Municipal Building (across from Emmerson Lumber).

Next week, Monday, April 1, Barb Bolin, Director of the Haliburton Campus of Sir Sandford Fleming College will speak at the 10:00 a.m. coffee hour. Ms. Bolin will be discussing their spring and summer programs. On Wednesday, April 3, Dalton MacDonald, Warden of Haliburton County, will be the coffee hour guest speaker with news from County Council. All persons

55 years and over or handicapped are invited to attend. Please come and bring a friend!

Tuesday, April 2 at 1:15 p.m. Barefoot In The Park is the film being shown. The V.H.S. and film are courtesy of Halco Audio-Visual and the T.V. is courtesy of Black's Home Hardware.

Please feel free to drop in anytime!

Guild plans fashion show

The Guild is happy to be presenting its second members' Fashion Show since its inception.

If you remember, three years ago the Guild Weaving group presented a collection of their creations. This proved to be an enjoyable evening which displayed the true talent of our local weavers.

Our second fashion show,

which is entitled the "Easter Parade" will be held April 12 and includes fashions by our Guild members and invited guests.

After talking to members, we learn that there are many people out there knitting, weaving, painting, quilting and sewing for this upcoming show. We say "good work and keep creating".

Heather Scully is the chairman of this committee and she wants to be sure that we have plenty of fashions, so she and her committee encourage any interested members who haven't heard about the Fashion Show to call the Gallery and learn the details.

Vogue has sponsored us by providing several of their patterns for our use. These are lent to members library style and can be used for the Fashion Show or at any other time.

We hope that the majority of fashions will be created by Guild members. We have invited our friend Bill Fitches, fibre artist and jewellery makers whose work will accent the fashions.

We are looking forward to an exciting show which highlights the fine work of our Guild members. Everyone is invited to take part and become part of the fun and enjoyment.

Ellen Fyfe will be teaching "Swedish Embroidery" on Thursday, March 28.

Concert goers remember that "Eritage" will be here on April 1 at 8 p.m. and "Primadonna" on April 23.

The Guild and Gallery welcome new members. Call us at 457-2330.

Did you know?

by Bambi Gilder

Did you know ... that our office has information for people who are interested in starting a small business in Ontario?

Almost everyone at some time in their life has thought about starting a business. The independence it would bring ... the thought of being your own boss ... the prospect of making a profit on products or services sold, in addition to your salary ... the idea of being the key decision maker ... the freedom from routine. All of these are powerful motivating factors.

The Ministry of Industry and Trade has prepared a book which outlines how to

start your own business properly and what programs are available once you get going. It examines the approach to business, financing, business aids, licences, regulations, registrations, taxation and much more.

To obtain this publication free of charge, drop in to your County Information Centre or give us a call at 457-2733. Our office is located in the Drag River Municipal Building (across from Emmerson Lumber) in Haliburton and we are open Monday through Friday, 10:00 a.m. to 4:00 p.m.

And remember, you will never know the answer, until you ask the question.

Be part of an active community when you retire. Be a part of Lutterworth Estates.

SELLING YOUR PROPERTY!

Everyone in Real Estate wants to list your property - Right? Well we are a little different. We would like the opportunity to "MARKET" your property. There is quite a difference.

After all, next to the Missus, the family and the pet, it is your most important and prized asset - Right? And while your property is being "MARKETED", I bet you would like to know what's going on - Right?

That too, is where we are different. We keep you informed by written monthly reports, more often if needed. Owners like that. I know, they have told us many times.

We would also "MARKET" your property on the Haliburton Multiple Listing Service, whereby over 70 salespeople would have the opportunity to show and sell. (Optioned at no charge). Just like the big cities - Right?

Throw in our regular newspaper and brochure advertising, being open 7 days a week spring thru fall, plus your property prominently displayed on our wall photo section and finally, top it off with my 14 years of experience and you will "know" that your property is in good hands.

So give us a call today. Get the jump on Spring!

"WHERE THE ACTION IS"

around the county town

Call 286-1288 — 9 a.m. - 4 p.m

The Minden Juveniles will be playing host to Paisley this Saturday at 4:00 p.m., the first game of the All-Ontario finals. Home town support will be appreciated - come early though, it may well be standing room only.

The arena will be a busy place Saturday. The Minden Agricultural Society, sponsors of the Haliburton County Fair, are holding a pot luck supper, upstairs. A social hour will begin at 6:00 p.m., supper at 7:00 p.m. and dance will follow from 9 p.m. - 1 a.m.

Our best wishes go to Deb Cox and Mrs. Dot Glavin, who are presently patients at Civic Hospital in Peterborough.

The card party held at the Minden Museum last week saw Verna McDonald take the most lone hands. Other winners of the day were Joyce Hewitt, Maud Coulter, Joe Dollo and Sid Rowe. The next card party will be Thursday, April 11.

The Minden & District Horticultural Society meeting will be held on Tuesday, April 2, at 7:30 p.m. in the council chambers of the Municipal Office. Speaker for the evening is Mr. Leroy Brown of Lindsay. The topic will be Tree Pruning and Early

Spring Planting. Light refreshments will be served at the close of the meeting.

Lucky winners at the Club 35 card party Monday evening are as follows: Door prize - Ruth Cummings, most lone hands - Mr. Donnelly, high man - Bill Cowen, high lady - Pearl Foster. Other winners included Art Beatty, Jack Gregory and Velda Harrison.

April is almost here and with its arrival brings more birthdays being celebrated at Hyland Crest. Special

days include April 12 for Gordon Ruttle, April 16 for Roy Anderson and April 21 for Jack Stewart.

Don't forget the free movies for children Friday evening from 7:15 to 8:15 p.m. at the Library/Cultural Centre.

If anyone has photographs of the Minden Sled Dog Derby, the organizers are interested in purchasing the rights to same. If you have any which could be used for promotional purposes, drop them off at The Times office.

Our congratulations to Jerry Corby, lucky winner of the HCSA 50/50 draw.

The following poem was submitted by our dear friend, Yvonne Guida.

Thoughts In A Hospital

Everyone takes for granted
The body, the mind, the soul,
And most of us feel confident
That we are in control.
Ah me, therein lies the rub -
Suddenly
Something feels different
Something we never felt before,
The mind gives way to panic
And trauma to the core.
We are painfully reminded
Of things we should have done
The words spoken in anger
To foolishly hurt someone.
But slowly the panic lessens
Relieving worldly care -
As faith takes on our burdens
Makes them easier to bear.
And lo, the dark clouds disappear
The sun begins to shine -
We notice just how beautiful
The new buds on the vine.
The Lord does not forsake us
Even in darkest hours,
He takes us gently by the hand
To show us bright new flowers.

senior league

by Bert Harrison

Dear readers. Another week has come and gone since I last penned a line to you. To tell you what has been happening here I'll see what I can do.

As always, a nice service in the chapel Sunday night. Everyone takes their part, when Rev. Burgess speaks right from the heart.

On Monday we celebrated St. Patrick's day. We would like to pay tribute to the Robertson sisters who work so hard to make it a gala day. Hats and costumes for the residents to wear on display. Always thinking of something to keep us entertained. Never counting the cost, if they ever left us we surely would be lost.

To get back to our St. Patrick's celebration. We had contests galore, treasure hunts, guessing games. Then Doris played and we sang some good old Irish songs. What could we ask for more?

I haven't told you about our office staff, for quite some time. I will tell all you about them today. Arnie Wright, has been real busy while Olive Hamilton has been away, but the gal can take it, no matter what

the problem is, she will find or make it. There is Heidi Hutchinson whom we just call Heidi. She comes nights and some weekends, to keep things nice and tidy. Then Ada Lewis when it comes her turn, to keep things right up to date, is her real concern and last, but not least is our supervisor Sidney Brown, to keep things running smoothly. He makes his daily rounds.

It is nice to have Mrs. Avery back with us again. She has been in the hospital since we don't remember when.

We have Mrs. Gilbank come to live at Hyland Crest. We hope she'll like it here. We're sure it feels the best.

Rev. Westhaver of Minden United Church conducted a very impressive service in the chapel this 19th March day. His message was the 3 crosses. We thank him for coming and Maron Rose for coming the music to play.

Doris showed us movies Tuesday afternoon. "Leo the Bear Man", "Jalan vs. Jalan, A Journey in Sandals", "Jalan and the Long Haired Man".

We have Henrietta Brentnell came to live in our lovely home. We hope she will like it here, and never need roam.

Wednesday noon members of County Council came to Hyland Crest, to enjoy a lovely lunch and be our special guests.

Our entertainers came to us on Tuesday night. They played and sang so lovely for us it was a real delight. And we look forward when they come back to us again.

Thursday afternoon the ladies of Lutterworth Estates came, brought a lovely lunch which was just great. They also brought along a gentleman, Fred Parker. He was a real good help to serve. Then Doris played for a good sing-along, which was really fine. So altogether we had a jolly time.

We would like to thank Mr. and Mrs. Nye for coming to call the bingo numbers Thursday night. Some of the players did alright, which was just great. Milly Wood won 5 bingos, Mary Oliver won 8.

Friday afternoon we thank Grace Coburn for coming to lead us in a sing-along this lovely March day and Jean Cox the music to play.

Remember you looked forward to the salary you can't live on today.

kid's korner

by Jean Lacey

Q: What do you get when you cross a chicken with a bell?

A: An alarm clock.

Q: What do you call a frightened skin diver?

A: Chicken of the sea.

Q: What sits on the bottom of the ocean and shakes?

A: A nervous wreck.

Q: Why are baseball players so rich?

A: Because they play on diamonds.

Q: How do you keep an elephant from going through the eye of a needle?

A: Tie a knot in its tail.

Q: Do you get fur from a skunk?

A: Yes, as fur as possible.
